

OUR SCALERS

Compare our scalers and curettes with the best in the industry and you will immediately recognize we are equal in every way but one... price.

Note the deep precision knurling for better tactile feel. The same high-grade stainless steel tips, the same light weight (under 18 grams) for less hand fatigue, the same professional craftsmanship, and surpassing the highest industry standards. Of course, any manufacturer can make these claims, but we guarantee and certify ours.

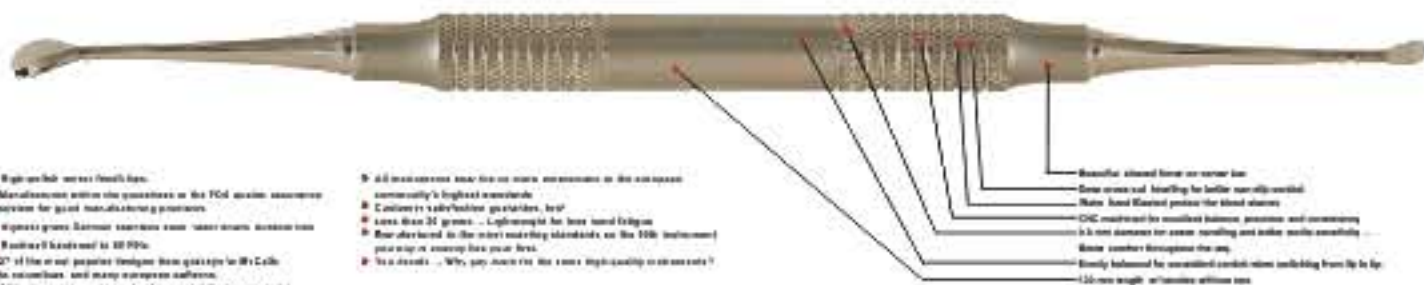

- Beautiful knurled finish on entire tool
- Deep areas cut, knurling for better tactile control
- Thicker knurled outer to prevent the blood stream
- CNC machined for excellent balance, precision and consistency
- 4.2 mm diameter for easier handling and better tactile sensitivity
- Base knurled throughout the way
